

# Communication BA, Interpersonal Communication Emphasis

The Interpersonal Communication emphasis area focuses on communication processes in personal relationships. Students in this emphasis area will master the ability to communicate meaningfully with colleagues, clients, and loved ones in a variety of settings. Strong interpersonal skills are needed in almost any type of job and can truly transform your career and your life. Our faculty members are actively engaged in research and our students benefit from first-hand knowledge not currently offered at other institutions. Many faculty members have been recognized for excellence or innovation in teaching.

Students majoring in communication must complete a minimum of 36 credit-hours in communication courses. Students may complete either a general communication degree or they may select one of four different emphasis areas as a focus for their studies: Interpersonal Communication, Mass Communication, Applied Visual Communication, or Strategic Communication. To complete the degree with one of these emphases, the student must complete the 21 credit-hour core and at least 15 hours of electives from within the selected emphasis area. In addition, the skills and knowledge applied in the required Practicum/Internship should be consistent with the selected emphasis area. Students seeking a general communication degree must complete the 21 credit-hour core and can select elective courses from any combination of the emphasis areas.
