

# Business Administration MBA, Supply Chain Management Emphasis

## Admission Requirements

The admission standards for all Graduate Business Programs (master programs and graduate certificates) are the same. To be eligible to apply, an applicant must hold a bachelor's degree from an accredited college or university and show high promise of academic success.

Graduate Business Programs take a holistic approach when evaluating student applications. Grade point average (GPA), and professional experience are considered when making an admissions decision.

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in MBA only after they have formally applied for admission through the Graduate School.

## Degree Requirements

Depending on the student's previous background, programs will require a minimum of 30 hours. Coursework must be completed within a maximum six-year period. At least 2/3 of coursework must be taken while enrolled as an MBA candidate at UMSL.

All students must satisfy the following requirements in professional written and oral communication, business law and ethics/ and social responsibility, economics, and business statistics. The Graduate Business Office in collaboration with department chairs will determine whether a student satisfies these requirements. In general:

The Professional and Written Communications skills requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5100

The Business Law and Ethics/Social Responsibility requirements can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5900

The Economics requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5000
- Completion of Economics boot camp

The Statistics requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of SCMA 5300
- Completion of Statistics boot camp

## Assurance of Learning

All MBA students are required to participate in the BUS AD 6991 Graduate Business Assessment Testing class during their last semester. This learning assessment course is not for credit.

### Business Core (18 credit hours)

The following courses or their equivalents are required of all degree candidates<sup>1</sup>.

ACCTNG 5400	Financial and Managerial Accounting	3
FINANCE 6500	Financial Management	3
INFSYS 5800	Management Information Systems	3
MGMT 5600	Managing and Leading in Organizations	3
MKTG 5700	Integrated Marketing Strategies	3
SCMA 5310	Supply Chain Strategies	3

<sup>1</sup> Students with prior business degrees take advanced courses in each of the functional areas listed in the Business Core, as advised by the Graduate Business Advisors assigned to the students. Based on a formal review and evaluation by the Graduate Business Programs Office, students may be granted waivers in the Business Core section. Waivers depend on the applicability of, and performance in, prior coursework. Regardless of the number of courses waived, all students must complete at least 30 credit hours to earn the MBA degree.

### Strategic Management Required (3 credit hours)

Take one of the following<sup>2</sup>:

BUS AD 6990	Strategy Formulation And Implementation	3
INTL BUS 5289	International Business Strategies	3
MGMT 4614	Entrepreneurship/Small Business Management	3

<sup>2</sup> Students with a non-business undergraduate degree are required to take BUS AD 6990 to satisfy the Strategic Management requirement.

## Electives (9 credit hours)

Students may choose to pursue an Emphasis Area to satisfy the 9 credit hour Electives requirement **or** pursue an MBA with no emphasis area. No course may be used for more than one emphasis area. If no emphasis area is chosen, students have the flexibility to customize their MBA by choosing from a large collection of elective graduate courses within the College of Business Administration, in consultation with their Graduate Business academic advisor.

## Emphasis Area Requirements

Master of Business Administration (MBA) students seeking an emphasis in Supply Chain Management (SCM) must complete SCMA 5320 and 6 additional hours of approved Supply Chain Management electives beyond SCMA 5310 (SCMA 5310 does not count toward the emphasis in Supply Chain Management). A maximum of 15 hours in any functional area will count toward the degree requirements. Only courses that are substantially different from courses taken for credit in a student's undergraduate

program will be acceptable. Students must complete at least 30 credit hours to earn the MBA.

- Communicate effectively about supply chain related issues and data-driven solutions with business acumen.

**List of approved Supply Chain Management electives for the emphasis:**

SCMA 5322	Lean Production	3
SCMA 5325	Environmental Analysis and Sustainability in Business Operations	3
SCMA 5334	Internship in Logistics and Supply Chain Management	1
SCMA 5381	Global Supply Chain Management	3
SCMA 5389	Supply Chain Management Practicum	3
SCMA 5399	Individual Research in Logistics and Operations Management	1-3
SCMA 6321	Strategic Sourcing	3
SCMA 6330	Business Logistics Systems	3
SCMA 6331	Supply Chain Modeling	3
SCMA 6338		
SCMA 6345	Business Analytics and Data Mining	3
SCMA 6347	LOM Project Management	3
SCMA 6350	Management Science Methods	3
SCMA 6360	Supply Chain Integration	3
SCMA 6395	Seminar in Logistics and Operations Management	3
BUS AD 5198	Seminar in Business Administration <sup>1</sup>	3

<sup>1</sup> If the topic is appropriate.

## Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate knowledge of core business content in accounting, finance, information systems, supply chain analytics, management, and marketing.
- Apply core business content and principles for effective business decision making.
- Demonstrate analytical skills to solve business problems and evaluate the conditions of corporations and markets.
- Effectively communicate business insights using oral and written formats.
- Identify legal/ethical issues and implications, and make informed decisions.
- Expand leadership skills to effectively engage with stakeholders in a professional manner.
- Demonstrate a global mindset needed to effectively navigate the interconnected nature of today's business environment.
- Understand the central role of supply chain management in business, and its connections with other business functions internally (marketing, finance, information systems) and supply chain players externally.
- Apply knowledge and concepts for decision-making in supply chain management including purchasing, operations, logistics, integration and global supply chains.
