Music BM, Music Theory Emphasis

Degree Requirements

Admission to all Music degree programs is by audition to demonstrate musical aptitude and potential, technical proficiency, and seriousness in selecting music as a four-year course of study. In addition to the applied music audition, placement examinations in music theory and music history may be required to confirm students' prior experience in these areas. Auditions can be scheduled at any time for the upcoming semester, and several pre-scheduled audition dates are also available in fall and early spring (contact the Music Department for more details). Students in Applied Music (private lessons) must pass a junior-standing examination to confirm their level of performance skills for enrollment in AP MUS 3440 – AP MUS 3459 or AP MUS 4440 – AP MUS 4459. This examination is usually taken at the same time as the applied music jury at the end of the fourth semester of enrollment in AP MUS 1440 - AP MUS 1459.

Evidence of sound musicianship, a close acquaintance with an appropriate portion of musical literature, and the ability to bring it to actual performance are required for graduation in all Music degree programs. Students in the B.M., Performance Emphasis fulfill this requirement with junior and senior recitals. Students in all other degree programs fulfill this requirement with a senior recital. In some cases, upon the recommendation of the student's applied teacher, the senior recital (for non-performance majors only) may be replaced by participating in three regularly scheduled student recitals during the last two semesters of applied music study, or by performing for a special panel of faculty members.

General Education Requirements

UMSL's General Education requirements apply to all majors. Courses required for degree programs may not be taken on a satisfactory/ unsatisfactory basis. Students must receive at least a C in each music course and maintain a GPA of 2.5 (3.0 for Music Education majors) in all music courses to meet degree requirements.

Non-Music majors are encouraged to take music courses (EN PER and MHLT) at the 1000- or 2000-level toward UMSL's Humanities and Fine Arts general education requirement. Non-Music majors wishing to perform with ensembles (EN PER 1410, University Singers; EN PER 1500, University Orchestra; EN PER 1530, University Wind Ensemble; EN PER 1550, Jazz Orchestra) should contact the ensemble's director for information about auditions. MHLT 1150, Drumming Cultures of the World; MHLT 1160, Musical Journey through Latin America; MHLT 1170, Musical Journey through the Far East; or MHLT 1180, Musical Journey through Africa will meet the University's Cultural Diversity study requirement.

Other Requirements

Music majors are required to enroll in an approved ensemble [University Wind Ensemble, University Singers, University Orchestra, or Jazz Orchestra (for Jazz Studies majors)] each semester and to study one applied area progressively each semester of the degree program. Music Education majors are exempt from these requirements during the student teaching semester. For all music majors, the applied lesson requirement consists of a weekly, individual lesson with your instructor, as well as a weekly enrichment activity in pedagogy and literature, which may take the form of a studio class, master class, performances by and for our

students, or other experience identified by the department. The following specific ensemble enrollments, depending upon the applied music area, are required:

- · Wind and Percussion students—University Wind Ensemble;
- · String students--University Orchestra;
- · Voice students--University Singers;
- Keyboard and Guitar students--any approved ensemble, but those in the B.M. Music Education emphasis program must successfully audition for and enroll in an ensemble compatible with the teaching certification they are pursuing;
- Instrumental students may be required to participate in additional ensembles to enhance their musical development;
- Jazz Studies majors (any instrument)--Jazz Orchestra.

Majors are required to appear in performance at the department's discretion and to attend a prescribed number of departmental recitals. All music majors whose primary applied area is not piano or organ are required to pass an exam in piano proficiency before graduation. Music Education majors must pass this piano proficiency exam prior to student teaching.

The Music Department may require students to pass a placement test to enroll in the next level course, provided this or an equivalent test is administered to all students seeking to enroll in that course.

Learning Outcomes

Upon completion of the program, graduates will:

- Have technical skills requisite for artistic self-expression (Performance)
- Understand the common elements and organizational patters of music and their interaction (Musicianship Skills and Analysis)
- Have a rudimentary capacity to create original or derivative music (Composition/Improvisation)
- Have basic knowledge of music history and repertories through the present time (History and Repertory)
- Be Able to work on musical problems by combining their capabilities in performance, aural, verbal and visual analysis; composition/ improvisation; history and repertory (Synthesis)
- Develop requisite knowledge, skills, and disposition needed to engage in scholarly dialogue through research and analysis

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.
