Freshman Guaranteed Clinical Criteria

Applicants to the nursing freshmen guaranteed clinical program will be holistically reviewed using criteria such as high school GPA, ACT test scores, a personal statement, an essay, extra-curricular activities, honors, award recognitions, leadership roles, work/volunteer experiences.

First-time freshmen and applicants with fewer than 24 transferable college credit hours from a regionally accredited college or university and who meet the following minimum criteria may earn a guaranteed clinical space in the Traditional Full-Time Option:

- Admission to the University by completing the UMSL Undergraduate Application
- Minimum ACT score of 24
- Minimum high school GPA of 3.0 (as calculated by UMSL’s Office of Admissions)
- Complete the Traditional BSN Nursing Supplemental Application

Pre-Clinical Transfer Student Admission Criteria

Transfer students who meet the following minimum criteria are eligible to declare Nursing as their major. Such students must still apply competitively for a clinical space during their last semester of general education coursework (see Clinical Admission Criteria below).

- Admission to the University by completing the UMSL Undergraduate Application
- Minimum cumulative GPA of 2.75 (including all transferable courses)

Clinical Admission Criteria

- Admission to the University by completing the UMSL Undergraduate Application
- Complete the Traditional BSN Nursing Supplemental Application.
- Minimum cumulative GPA of 2.75 (including all transferable courses)
- Satisfactory completion of all general education course requirements
- Grade of B- or higher within 5 years of enrollment in the clinical major for the following courses: Chemistry, Anatomy & Physiology I, Anatomy & Physiology II, Microbiology
- Grade of C- or higher in all prerequisite courses except in the case of the above-listed science courses

Clinical spaces are awarded on a competitive and space-available basis for each admission period. Admission to the UMSL and the College of Nursing (as a pre-clinical student) does not guarantee admission into the clinical track of any of the Pre-Licensure BSN Options (Traditional Full-Time or Accelerated), unless a student is admitted to the Traditional Full-Time Option under the Freshman Guaranteed Clinical Criteria (see above).

General Education Course Requirements

Nursing majors must complete all general education requirements of the university as outlined in this Bulletin.

As part of meeting the university’s general education requirements, the prerequisite courses listed under 1) Natural science course work, 2) Behavioral and social science course work, 3) Information literacy, and 4) Humanities, must be completed prior to beginning the clinical track. See a curriculum planning guide for specific courses and proper sequencing.

All undergraduate nursing students must have access to transportation to their clinical practice experiences. Students must provide their own transportation to and from clinical agencies, which may be scheduled throughout the St. Louis metropolitan area, including Jefferson County and Illinois. Students who must use public transportation must inform their Program Director.

Satisfactory/Unsatisfactory (Pass/Fail) Grading
Undergraduate nursing majors may not take required prerequisite general education or nursing courses on a satisfactory/unsatisfactory basis.

Credit by Transfer Examination
Credit may be granted for selected general studies. Please contact an advisor for information.

Latin Honor Requirements
In accordance with the University’s Latin Honors policy, candidates graduating from the College of Nursing in the 2022-2023 Academic Year must meet the following GPA qualifications:

Summa Cum Laude  3.969
Magna Cum Laude  3.899
Cum Laude  3.759

Learning Outcomes
• Integrate into practice theories and evidence-based concepts from nursing, the arts, sciences, and humanities to provide comprehensive nursing care in a variety of settings.
• Integrate principles of quality care, patient safety, health education, and management of care when organizing, coordinating, and engaging in professional nursing practice across the healthcare continuum
• Use evidence-based practice to promote health and wellness, manage illness, and prevent injury among individuals, families, communities, and populations
• Utilize health care technology and information management systems to promote quality care and patient safety
• Apply knowledge of health care policies in a regulatory environment and their influence on health care access and quality
• Utilize communication to enhance relationships with patients, families, and communities and collaboration among members of the healthcare team
• Provide culturally competent, compassionate, holistic care to promote optimal health for diverse individuals, families, communities, and populations throughout the lifespan in an effort to improve health equity
