Organizational Leadership BA, Information Systems Emphasis

The Organizational Leadership major is designed to provide adult students with the knowledge, skills, and credentials necessary to advance in a rapidly changing workplace. This program will help students understand theoretical and practical aspects of leadership across disciplines, while allowing them to focus on a specific emphasis area that interests them.

This program is most appropriate for students who have completed at least 40 transferable credit hours at the undergraduate level or have been awarded an A.A. or A.S. degree (or A.A.S. degree with a general education emphasis). Students who do not have previous working experience and substantial transferred credits should consult with an advisor to determine if this program is the correct fit.

General Education Requirements

Majors must satisfy the university and college general education requirements. The foreign language requirement for a B.A. must also be satisfied.
